

Centre for Advanced Reproductive Endosurgery (CARE)

LAPAROSCOPIC PELVIC SURGERY TRAINING PROGRAM

Program Director Assoc Prof Alan Lam

You are invited to participate in an integrated training program in Laparoscopic Pelvic Surgery.

An internationally recognized faculty aims to give you the skills to practice safe Endosurgery and increase the range of laparoscopic procedures you can perform

Uniquely designed, the program consists of four specific courses to choose from:

- CARE Master Class in advanced endoscopic pelvic surgery
- CARE Master class in complex endometriosis surgery
- CARE Master class in pelvic reconstructive surgery
- CARE Master class in hysterectomy, myomectomy, adnexal surgery

- Eight theatre sessions during which you will "scrub in"
- Credited by RANZCOG with -- CPD and PR & CMR points
- Scholarships available to trainees

All enquiries and registration at
